Nation	34	39	25	2
% Below Basic % Basic, Proficient, and Advanced				
Below Basic Basic Proficient Advanced				

## SC PERFORMANCE GOAL

### 2010 Goal:

By 2010, SC's student achievement will be ranked in the top half of the states nationally. To achieve this goal, we must become one of the fastest improving systems in the country.

### 2020 Vision:

By 2020 all students will graduate with the knowledge and skills necessary to compete successfully in the global economy, participate in a democratic society and contribute positively as members of families and communities.

## REPORT OF PRINCIPAL AND SCHOOL IMPROVEMENT COUNCIL

Another school year has drawn to a close. We have seen some changes this year as we became a Pre-K-4 school. The programs and activities that were offered to support the academic program were widely attended by our students. The staff and parents focused on providing the very best programming for all of our students. The Weekly Professional Development Cluster Meetings, year-round calendar, Extended Learning Time, and celebrations for academic achievement all served to promote our school mission and goals.

All students were involved in community service projects during 2008-09, learning about the importance of citizenship and contributing to the community at large. With the support of the Kiwanis Club we were able to continue our K-kids program that supports these school wide service efforts. In addition, Whale Branch was the recipient of the Fresh Fruit and Vegetables grant. This enabled students to taste new fruits and vegetables. Students were also involved in learning about nutrition and exercise.

This year our school partnered with Whale Branch Middle School and James J. Davis Elementary to implement Family Nights. All parents and students were involved in activities to support literacy, science, technology, and math. The school continued to enjoy grant funding for an after-school program for students requiring additional academic assistance. Our Extended Learning Time programs included intense small-group instruction with reading, writing, and math. Students involved in Extended Learning Time were involved with sweet grass basket making with a teaching artist.

The teacher and parent members of the School Improvement Council engaged in the development of our Focus School Renewal Plan, which focused on raising academic achievement. Strategies were planned and implemented to increase academic achievement in ELA, Math, and Science. Our Gifted and Talented teacher worked with students in third and fourth grade who were identified as being close to Proficient and Advanced on PACT testing. In addition, students in third and fourth grade were involved in hands-on science and social studies labs.

Services in the Early Childhood Development Center were ongoing throughout the year in the respective day care centers. Students and parents in Pre-Kindergarten, Kindergarten, and first grade were involved in Kids Club. Students received books through Reading Is Fundamental (RIF) and parents received tips on how to work and read with their children at home. Whale Branch Elementary School continued with professional development in 6-Traits writing, Everyday Math, and Rigby Literacy.

Changes will be seen again in 2009-10 as we merge with James J. Davis Elementary School and become a grade 1-4 school. Our PreK and Kindergarten students will attend the Early Childhood Development Center at James J. Davis. We believe these changes will continue to improve student academic achievement.

Mark Mansell, Principal  
Dr. Al Hall, SIC Chairperson
